To gain approval from the governing body for a trade agreement between The Radio Network and Green River Recreation Center.

Background/Alternatives:

The Recreation Center has worked with The Radio Network for several years with trading advertisements on their radio stations at The Radio Network for memberships at the Green River Recreation Center. The Radio Network will get us a list of employees' they would like to participate at the Green River Recreation Center, the monetary value of those memberships is configured, and The Radio Network gives the Green River Recreation Center advertising on their stations up to the same financial value (based on their rates).

Attachments:
